

Homesteading

or

Surviving Outages

or

Becoming Self-Sufficient

Outages

from man-made problems to natural ones

- power
 - empty grocery shelves
 - no gasoline
 - no water (or no potable water)
 - poisoned air
 - weather (too cold / too hot)
 - phone / tv / news sources
 - loss of job
 - loss of health
 - natural disaster
 - looters
- Be prepared

What is homesteading?

— can be done in any home

- being prepared
- doing whatever you can
- stocking up
- thinking ahead
- freedom
- survival

**You're not ready
... if you haven't prepared**

Don't let the day surprise you!

No one ever tells us 'the day before'.

Providing for yourself

- Can you have chickens for eggs?
- How about rabbits for meat?
- Can you have a garden?
- Can you grow in 5-gallon buckets or other containers?
- Stock up

Fill jugs and bottles with water for flushing and washing.

Buy extra when shopping: dry goods, canned goods, non-perishable items.

Extra gas, propane, charcoal, any fuel you can store.

Keep matches, lighters or a striker on hand.

Gardening tips

some things I've "learned" or experienced

- no-till or no-dig gardening — don't disturb the "forest floor"
- raised beds — add soil, compost, nutritious emollients
- framed or not
- let the weeds be, unless they're in your way — roots bring nutrients up; pollinators
- cardboard — handy for "clearing land"
- no pesticides nor chemical fertilizers (they defeat the purpose in the long run)
- dirtdoctor.com — what to use instead

Learn how to can, if you haven't yet.

Learn how to dry or freeze-dry foods.

I will can with you – your place or mine.

I have the canners – you provide the food, jars and lids.

Store what you eat and eat what you store.

Water

**Clean drinking water
or, at least,
lots of dirty water
you can purify**

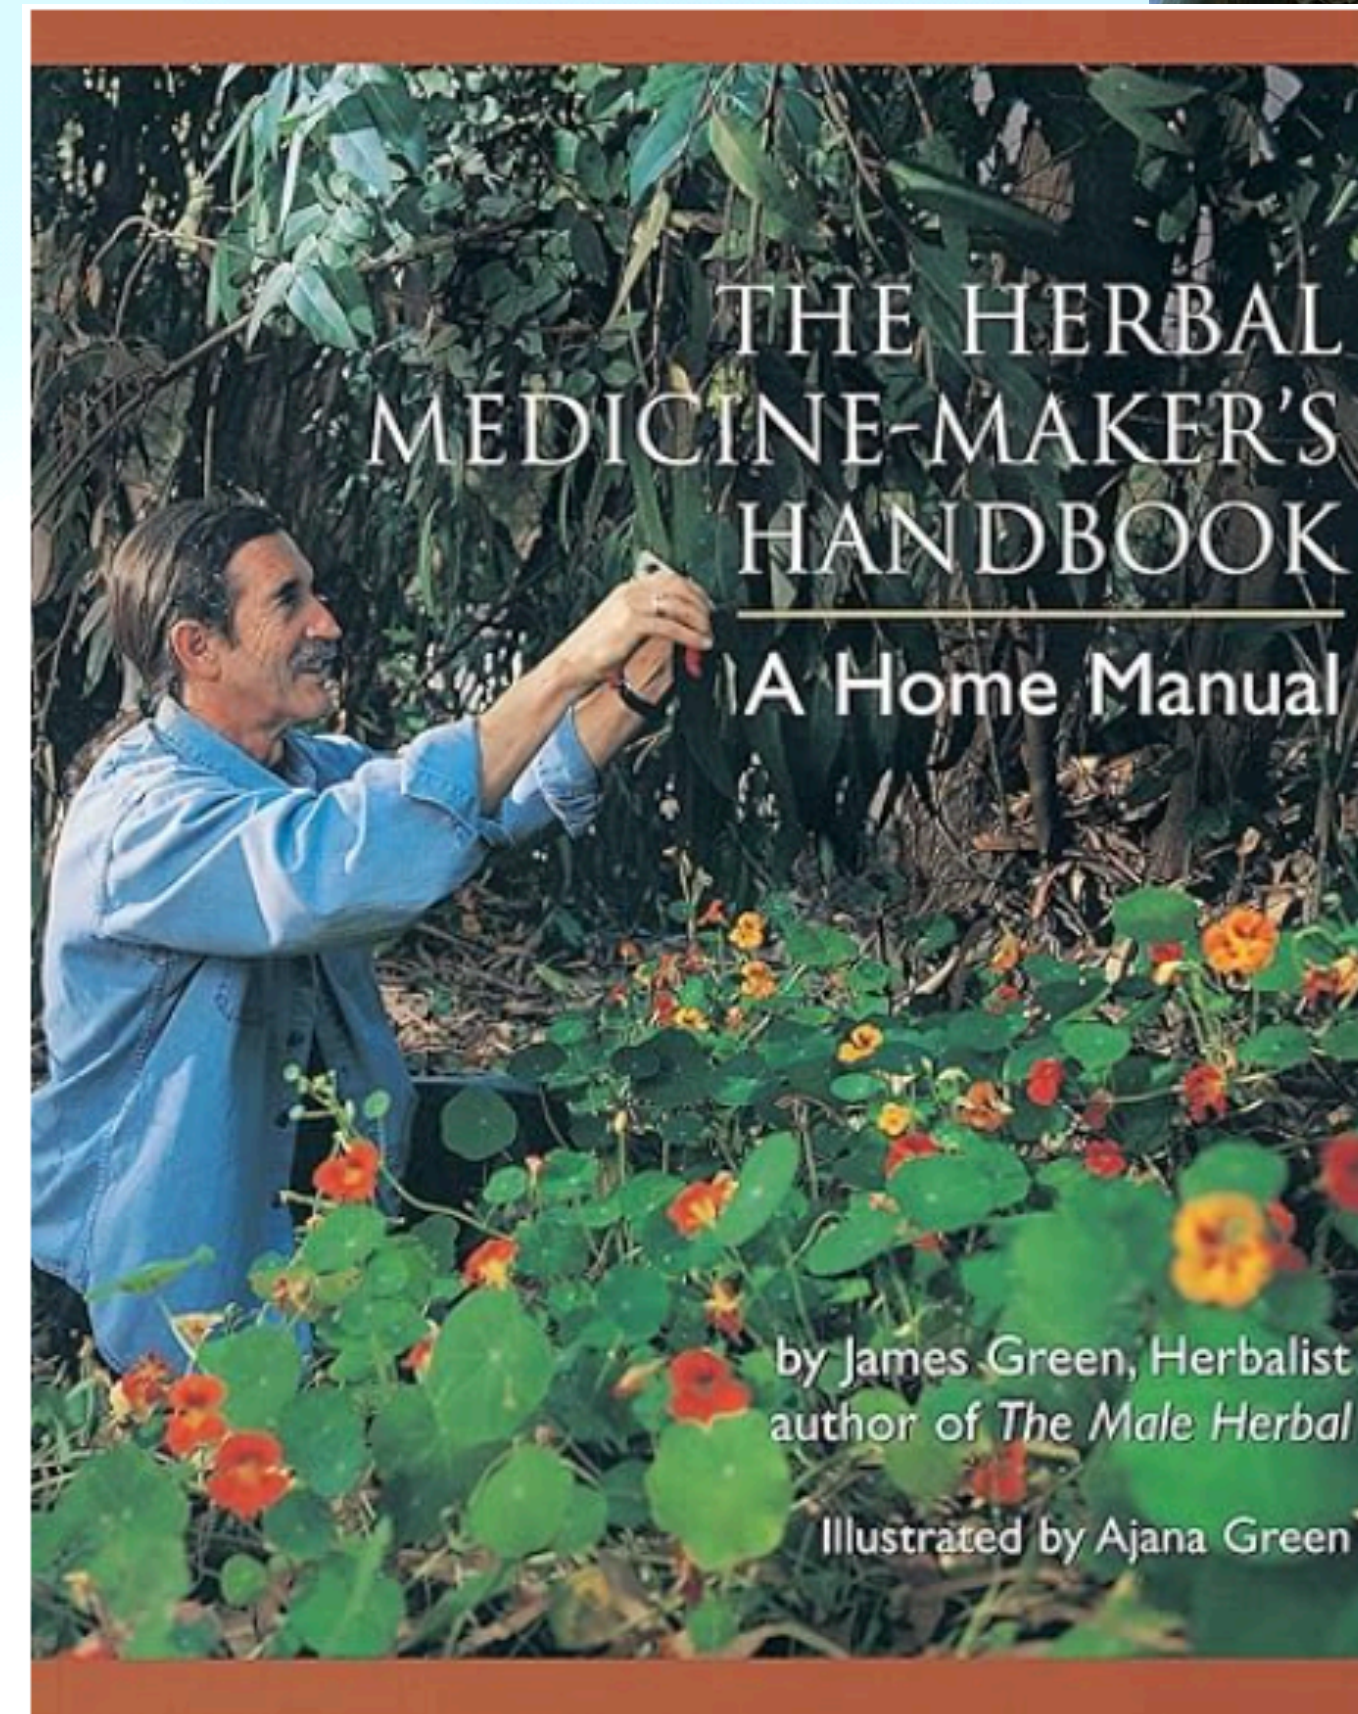

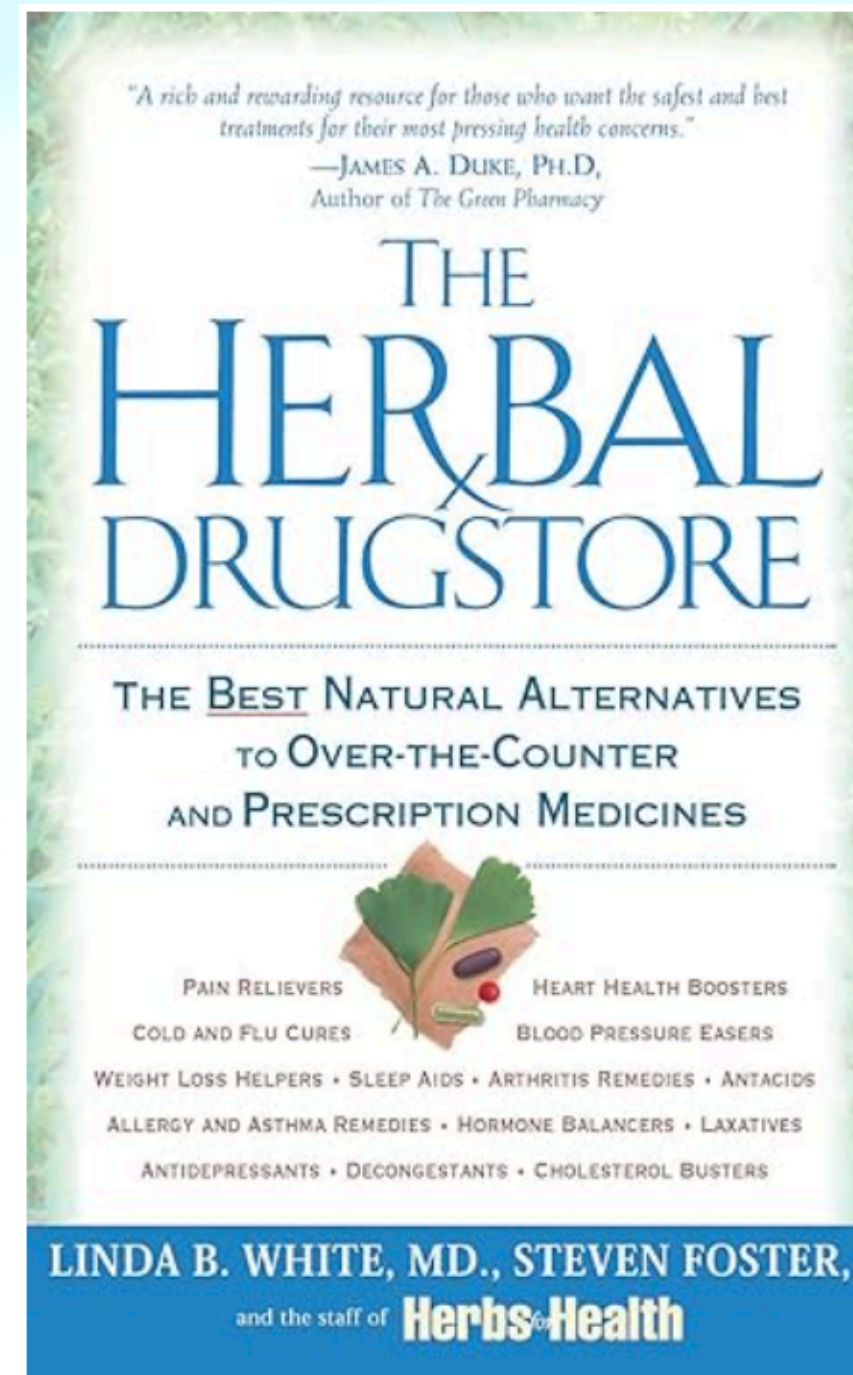

- a well or a filtration system
- stock up on bottled water
- store water for flushing, bathing, etc.
- rainwater collection system
- purification methods — tablets, kits
- solar purification— Six hours of sun purifies water in glass. Filter out mud with cloth (muslin)

Save all the glass jars and bottles you can.

Learn about plants and herbs

They may save your life.

- easy to grow
- tinctures and extracts are easy
- stock up on vodka

Power supply

this includes alternate generator, batteries, solar panels, fuel, etc.

- Keep your batteries, phones, flashlights, etc. charged
- If your car functions and has fuel, use it to power things or keep yourself cool or warm. (Take a drive to cool off.)
- gas, propane or solar powered generator
- propane cylinders, campstoves, etc. [with refueling tools]“Two is one; one is none.”

Two is one and one is none.

Lists and Resources

lots of info out there, as we all know

- Handbook to Practical Disaster Preparedness for the Family — (pdf) <https://disasterpreparer.com/>
- Natural News Mike Adams naturalnews.com audio books and pdfs:
- Resilient Prepping — Audio book (download)
- The Global Reset Survival Guide
- Survival Nutrition
- <https://heyzine.com/flip-book/2efdf6631e.html>
- Alive After the Fall pdf
- theorganicprepper.com
- Permaculture and Homesteading Goofballs <https://permies.com>

You can buy emergency food supplies.

It ain't cheap and do we know if it will really last 25 years without spoiling??

mypatriotsupply.com

heavensharvest.com

Also medical supplies:

twc.health

Kits contain antibiotics and prescription drugs.

<https://alldaychemist.com>

The screenshot shows the top navigation bar of the My Patriot Supply website. The logo "MY PATRIOT SUPPLY" is on the left with the tagline "Trusted Self-Reliance". To the right is a search bar and a phone number "866.229.0927" with the text "Our Staff Are Available 24/7". Below the navigation bar is a horizontal menu with items like "Emergency Survival Food", "Survival Items", "Water Filtration", "Survival Seed Vault SALE", "Sprouting Seeds", "Air Purification", "Deals of the Day", and "Pay Over Time - No Fees". The main banner features a collection of emergency food supplies including "INSTA-FIRE" 6-hour canned meals, "READY HOUR" 3-month food supply kits, and "INSTA-FIRE" 2,400 calorie emergency rations. The banner text reads "Free Shipping!", "3-MONTH EMERGENCY FOOD SUPPLY", and "PLUS \$200 in FREE GEAR!". A button at the bottom right says "Prepare for What's Coming »".

Other things to think about for outages and disasters:

Protection — weapons, baseball bat, wasp spray, machete

— - teach your children to NOT open the door

Bartering — what do you have to trade for what you might need?

cigarettes, liquor, coins (esp. silver ones)

Sanitation — handling your waste safely

Documentation — physical copies of important papers

Bug-out-bag — supplies in case you have to leave home

Pass out the Checklist

Any questions?

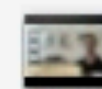

Don't be overwhelmed.

Start today — do a little at a time.
