**The club has rented Ike's Cabin at the Eisenhower State Park for Winter Field Day. This will be a great place to operate for Winter Field Day. We'll have shelter if the weather is bad or it's cold. It is also a POTA park, K-3005. Join the fun and operate WFD and POTA with the club. Please mark your calendars and join us that weekend. You do not have to be a member of the GCARC to operate Winter Field Day or POTA during the event.**

**Immediately below is a picture of the cabin the club has secured for the event for Friday, Saturday, and Sunday. Anyone interested in seeing how the GCARC has FUN at Field Day is welcome to stop by.**
